Discuss these and other needs with your Community Health Worker today!

What is Community Health Work?

The world of healthcare is complicated and ever-changing. Community Health Work is a personalized service to help guide you through these otherwise confusing activities, connecting you with the providers and services you can depend on to stay healthy.

Your Community Health Worker will listen and work with you as a team to create goals that address the problems you are facing.

Community Health Workers offer personal guidance on all aspects of the healthcare system. Whether you would like help finding homecare services, scheduling appointments or better understanding your benefits and program eligibility, a friendly partner is available to help.

Who is eligible?

Any child between the ages of 0-21 who living in a rural region of Pennsylvania and meet the 300% income poverty level is eligible.

Are participants required to pay for services?

No. Funding for Community Health Services has been made available through the state and there is no fee to participate.

How can I get connected?

Call toll-free 1-800-616-3718 to contact CareStar to make a direct referral by telephone, OR complete and submit a referral form to .

A CareStar Community Health Worker will contact you when your referral is processed and will schedule a meeting at the time and location of your choice to get your services started.
